FULL SYNTHETIC ENGINE OIL SP

Dyade Lubricants offers a premium synthetic lubricant, crafted from select high-grade base oils and cutting-edge additives, aligning with the contemporary API SP industry benchmark. It ensures minimal resistance during start-up and boasts superior thermal resilience. Our engine oil provides top-tier wear defense and maintains engine purity. Formulated for the latest turbocharged gasoline and diesel cars and light-duty vehicles, it's adeptly tailored for modern Turbocharged Gasoline Direct Injection (TGDI) engines, addressing LSPI (Low Speed Pre Ignition) concerns. Experience comprehensive engine safeguarding with enhanced cleanliness, smooth cold starts due to its exceptional low-temperature fluidity, and benefit from extended oil drain intervals.
