LOW SAPS ENGINE OIL C5

## **LOW SAPS ENGINE OIL C5**

Dyade Lubricants introduces a synthetic ACEA C5 lubricant with low SAPS, aligning seamlessly with Renault's cutting-edge RN17 FE fuel economy specification. With its ultra-low viscosity grade of SAE 0W20, engines achieve peak fuel efficiency. Our engine oil ensures enhanced wear defense and pristine engine conditions. Specifically crafted for the latest Renault diesel engines equipped with DPF, it adheres to Renault's RN17 FE fuel economy standards, ideal for engines designed for minimized fuel consumption. Additionally, it's suitable for engines necessitating the new ACEA low SAPS C5 specification, offering greater fuel efficiency than ACEA C3. With Dyade, benefit from superior fuel savings and CO2 reduction, exceptional shear stability ensuring optimal high-temperature viscosity, and impeccable performance during cold
