4-STROKE ESTER TECHNOLOGY SCOOTER OIL

This ester-based synthetic blend is expertly formulated for use in engines, transmissions, and wet clutches, making it a versatile and high-performing choice for motorcycle enthusiasts. With its groundbreaking additive technology, this oil not only elevates engine performance but also ensures comprehensive protection of all lubricated components, significantly improving the performance of engines, transmissions, and wet clutches. Ideal for both touring and daily riding, this oil is the recommended product for riders who demand reliability and efficiency in diverse conditions. Its great fluidity at low temperatures ensures complete and immediate protection of all engine parts right from the start, enhancing the overall riding experience.
