RACING ENGINE OIL

This product can best be used in vehicles that operate under very demanding situations like sports and rally racing. This is a full synthetic engine oil that has been selected out of the best base oils and additives. These base oils naturally contain a high viscosity index. Also high quality European additives were added in order to ensure that this engine oil has excellent resistance against shearing, high resistance against ageing, excellent lubricating film at cold and high temperatures and a very high anti-corrosion and anti-foaming effect.
