ALKALINE CLEANER FOR PROFESSIONAL USE

This professional-grade product is an alkaline cleaner with exceptional degreasing power, effectively dissolving stubborn dirt and debris that standard cleaners cannot tackle. Its formula combines cationic and non-ionic surfactants, alkali, and excipients, and it is free of halogenated organic compounds (AOX), phosphates, ethylenediaminetetraacetic acid (EDTA), or nitrilotriacetic acid (NTA). Suitable for use in chilled display cases, kitchen and catering equipment, condensers, and for all-purpose cleaning.

CATEGORY

- Cleaners

BENEFITS

- Effectively removes fat, protein and deposits
- Dissolves caked and heavy dirt
