

SPRAY-PLUS FOOD GREASE GEN 70

FOODGRADE SPRAYCANS

322500801

DYADE
LUBRICANTS

SPRAYABLE UNIVERSAL FOODGRADE GREASE

The product is a top-quality food grade grease that is both sticky and resistant to water and steam. It is perfect for use on open gears, slides, conveyors, bearings, and other similar applications. Additionally, it can be used as an assembly paste. With a temperature range of -40 to 180 °C, this product is versatile and suitable for a wide range of environments. This product is a versatile lubricant that can be used for general lubrication, slide ways, chains, and high load bearings in the food industry. It is especially useful when a high temperature lubricant is needed or when lubricating water valves and taps. Its wide range of applications makes it an essential product for any food processing operation.
