## FOOD GRADE SILICONE GREASE

This product is one of several grades of adherent silicone-based greases that are designed to lubricate valves and taps. This line of products comes in multiple grades to meet the needs of various applications. This grease has been specifically developed to ensure flawless sealing and smooth operation in mono drive taps. It has a long lifespan and is water-insoluble, making it an ideal choice for increasing the longevity of ceramic parts. It is also compliant with the Water Byelaws Scheme BS-6920 and can be used with centralized lubrication systems. Additionally, it contains PTFE.

## CATEGORY

Greases

## BENEFITS

PROPERTY	METHOD	VALUE
Colour		Translucent white
Thickener		Inorganic
Base oil type		Silicone
NLGI class		000
Dropping point, °C		
Service temperatures, °C		-50 - 180
NSF Registration (HI)		
Kosher approved		Yes
Halal approved		Yes
