

# FOOD-PLUS HYDRAU HLP 46

FOODGRADE HYDRAULIC OILS

324000401

## RANGE OF MULTIPURPOSE LUBRICATING OILS FOR THE FOOD INDUSTRY

The formulation of this product comprises of meticulously chosen additive technology and highly refined base stocks. It is a non-toxic solution that can be used in applications where the possibility of incidental contact with food or raw materials during production is high. The product's excellent performance characteristics and selected additives make it suitable for use in most manufacturing processes in the food production and processing industry. It is available in a wide range and holds NSF approval.
