HIGH PERFORMANCE NEAT CUTTING OIL

This cutting fluid is formulated with selected paraffinic oils and stable additives to provide high machining performance. It is a light mineral oil and does not contain any heavy metals or chlorine. This product has been formulated for use in turning, milling, drilling, and tapping operations. It is suitable for all ferrous materials, with particular effectiveness in machining steel, stainless steel, yellow metals, and aluminum.

CATEGORY

- Metalworking Fluids

BENEFITS

- Good flushing, cooling and lubricating properties
- Improved tool life and surface finish
- Low foaming
- Improved productivity
- Better health and safety conditions

PROPERTY	METHOD	VALUE
Colour		Clear yellow
Density @ 20 °C, kg/dm ³		0.88
Viscosity @ 40 °C, mm ² /s		15-18
Flash point C.O.C, °C		175
Pour point, °C		-15
