GENERAL MACHINING NEAT CUTTING OIL

Our product is a light and transparent cutting oil that offers excellent cooling properties. It is expertly crafted from solvent-refined mineral oil and carefully selected polar and chlorine compounds that prevent welding between the part and tool. In addition, our product is renowned for delivering superior surface finish, extended tool life, and helping to maintain your machine in optimal condition. Our product is crafted for general machining applications and is versatile enough to be used on a wide range of materials, including steel, cast iron, brass, bronze, copper, and aluminum.

CATEGORY

- Metalworking Fluids

BENEFITS

- Good flushing, cooling and lubricating properties
- High performance
- Improved tool life and surface finish
- Improved productivity

PROPERTY	METHOD	VALUE
Colour		Clear yellow
Viscosity @ 40 °C, mm ² /s		14-17
Flash point C.O.C, °C		170
Pour point, °C		-10
Copper corrosion		No
