## MACHINING NEAT CUTTING OIL

Our product is a light cutting oil that offers excellent cooling properties. It is carefully crafted from paraffinic base stock and enriched with selected additives, including polar and sulphur-chlorine compounds, which prevent welding between the part and tool. Our product is renowned for delivering superior surface finish, extended tool life, and helping to maintain your machine in optimal condition. Our product is specifically crafted for general machining applications, including turning, drilling, gear hobbing, milling, and threading. It is versatile enough to be used on all types of steel.

## CATEGORY

- Metalworking Fluids

## BENEFITS

- Good flushing, cooling and lubricating properties
- High performance
- Improved tool life and surface finish
- Improved productivity

PROPERTY	METHOD	VALUE
Colour		Clear yellow
Viscosity @ 40 °C, mm <sup>2</sup> /s		18-22
Flash point C.O.C, °C		180
Pour point, °C		-10
