## GRINDING AND SHARPENING OIL

This product is an ester-based fluid that is colourless, odourless and specifically formulated for grinding and machining operations. It does not contain chlorine or heavy metals, and is designed to minimize mist formation during finishing operations and when sharpening HSS, cobalt and tungsten tools. This product has been designed for finishing applications that require a high-quality surface finish. It is suitable for grinding and sharpening HSS and hard metals, as well as for use on steel, cast iron, brass, bronze, copper, and aluminum.

## CATEGORY
