

MWF-PLUS NT CO BIO 67

NEAT/PURE METALWORKING FLUIDS

325403001

BIODEGRADABLE NEAT CUTTING SYNTHETIC OIL

The given product is a synthetic oil that boasts exceptional chemical stability and notable resistance to oxidation. It is highly recommended for metal machining operations that demand top-notch performance. Additionally, it does not comprise any chlorine-based compounds and is easily biodegradable due to its natural composition. This product is compatible with a diverse range of materials, including steel, copper, brass, bronze, and aluminum, and can be effectively utilized for various machining operations, such as turning, drawing, grinding, sharpening, and tapping.

CATEGORY

- Metalworking Fluids

BENEFITS

- Good flushing, cooling and lubricating properties
- High productivity
- Improved tool life and surface finish
- Anti-wear performance
- Biodegradable
- Low volatility

PROPERTY	METHOD	VALUE
Appearance		Oily liquid
Colour		Clear Amber
Density @ 20 °C, kg/dm ³		0.91
Viscosity @ 40 °C, mm ² /s		21
Viscosity index		150
Flash point, °C		>200
Pour point, °C		<-10
