NEAT/PURE METALWORKING FLUIDS

325408401

## GRINDING AND SHARPENING OIL

This light synthetic oil is formulated for use in grinding and machining operations. It is colorless and odorless, and does not contain chlorine or heavy metals. This low-mist formation product is specially designed for finishing operations and the sharpening of HSS, cobalt, and tungsten tools. This product is designed for finishing applications that require a high-quality surface. It is suitable for grinding and sharpening of HSS and hard metals, as well as for use on steel, cast iron, brass, bronze, copper, and aluminum.

## CATEGORY

- Metalworking Fluids

## BENEFITS

- Good flushing, cooling and lubricating properties
- Improved tool life and surface finish
- Odourless
- Colourless
- Low volatility
- High performance
- Improved productivity and reduced maintenance

PROPERTY	METHOD	VALUE
Colour		Colourless
Density @ 20 °C, kg/dm <sup>3</sup>		0.83
Viscosity @ 40 °C, mm <sup>2</sup> /s		7
Flash point C.O.C, °C		155
Pour point, °C		-20
