HIGH PERFORMANCE NEAT CUTTING OIL

This cutting fluid is a light mineral oil type that has been formulated using carefully selected paraffinic oils fortified with stable additives, resulting in superior machining performance. It is free of chlorine and heavy metals. This product is formulated for machining operations such as turning, milling, drilling, and tapping. It is suitable for use on all ferrous materials, particularly for machining steel, stainless steel, yellow metals, and aluminum.

CATEGORY

- Metalworking Fluids

BENEFITS

- Good flushing, cooling and lubricating properties
- Improved tool life and surface finish
- Low foaming
- Improved productivity
- Better health and safety conditions

PROPERTY	METHOD	VALUE
Colour		Clear yellow
Density @ 20 °C, kg/dm ³		0.86
Viscosity @ 40 °C, mm ² /s		220
4-Ball Weld load, Kgs		>800
4-Ball Scar, 1h/40 Kg, mm		0.5
Flash point, °C		176
Pour point, °C		-18
