## NEAT CUTTING OIL FOR THREADING AND TAPPING STEEL

This cutting fluid is a high-performance solution made of selected paraffinic base oils and fortified with stable additives. It is designed specifically for threading and tapping steel applications. This cutting oil is designed to remain effective even under challenging machining conditions, with varying pressures and temperatures. It is free from heavy metals and chlorine.

## CATEGORY

- Metalworking Fluids

## BENEFITS

- Food flushing, cooling and lubricating properties
- High performance
- Improved tool life and excellent surface finish
- Improved productivity
- Great surface finish
- Environmentally friendly
